# About Vollmann Akarakiri

Vollmann Akarakiri is the CEO and Principal Architect of Dova Futures Limited, a Lagos-based design and build architecture firm delivering integrated services across architectural design, interior design, 3D visualisation, landscape architecture, and construction project delivery. With a portfolio spanning residential, commercial, civic, and hospitality typologies across South-West Nigeria, Vollmann brings a holistic design-to-build approach that bridges creative vision with rigorous on-site execution. His work is defined by contextual sensitivity, material intelligence, and a commitment to transforming client aspirations into built reality.

PORTFOLIO SECTION

# Architectural Design & Visualisation

*Concept · Renders · Civic · Residential*

A selection of architectural design and visualisation projects including concept residential developments, rendered masterplans, and civic/religious facility redesigns delivered by Dova Futures Limited across Lagos and South-West Nigeria.

## Concept Residential Renders

Hilltop Residence - Concept Render, Perspective 1

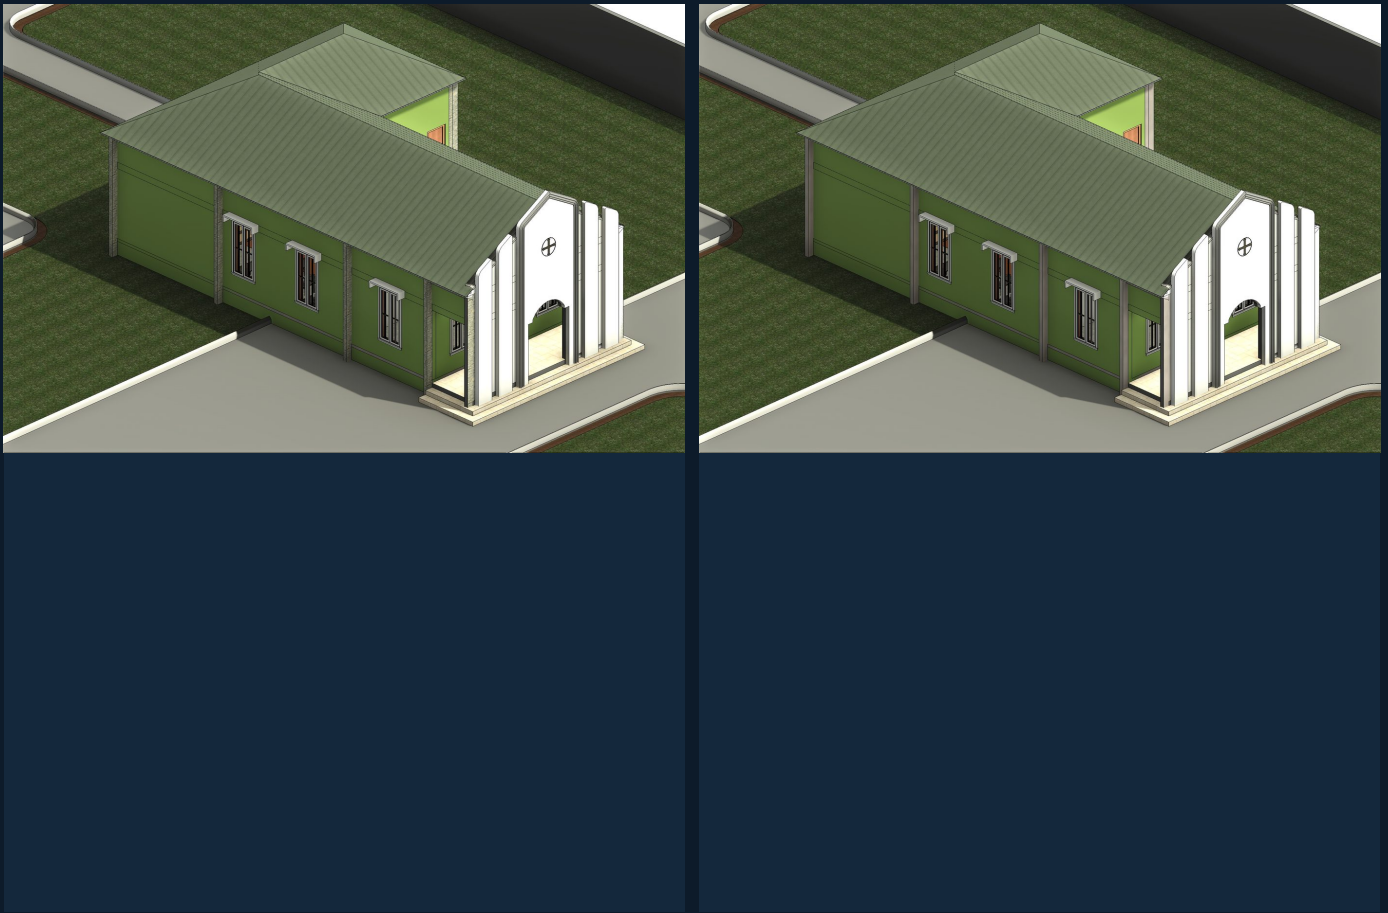

Hilltop Residence - Alt View

Schema Concept - Residential Design Development

## Religious & Civic Projects - Ado Grail Center

Ado Grail Center Hall of Worship - Exterior & Interior Views, Ekiti State

Renovation and redesign of the Grail Center Hall of Worship in Ado Ekiti. The project involved external facade treatment, internal space reconfiguration, structural interventions, and comprehensive landscaping of the worship grounds. Delivered under a design-and-build contract by Dova Futures Limited.

PORTFOLIO SECTION

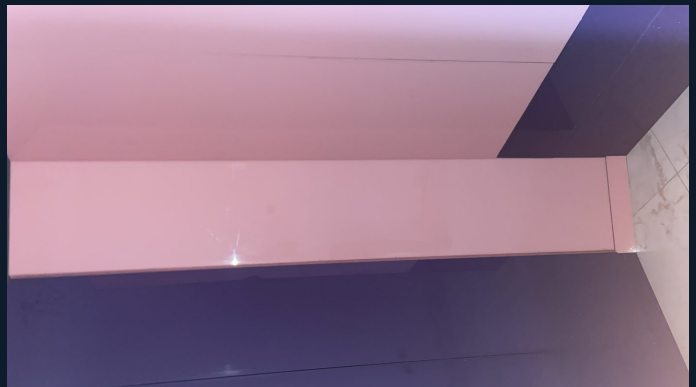

# Interior Design

---

*Residential · Commercial · Retail*

Full-scope interior design services covering space planning, material selection, custom furniture, kitchen and wardrobe design, and photorealistic visualisation - delivered across residential and commercial typologies.

## Residential Interior Visualisations

Residential Interior Projects - Akure & Ekiti · Living, Kitchen & Dining Spaces

Full-scope residential interior design covering living rooms, kitchens, dining areas, and bedroom suites. Work includes material selection, custom furniture specification, lighting design, and 3D photorealistic visualisations presented to clients prior to construction.

## Furniture, Kitchens & Wardrobes

### Bespoke Kitchen Design - Ekiti Residential Project

Custom kitchen design and build incorporating high-gloss cabinet work, stone countertop specification, integrated appliances, and coordinated pendant lighting. Dova Futures manages full procurement, fabrication coordination, and site installation.

PORTFOLIO SECTION

# Landscape Design

---

*Masterplanning · Hardscape · Softscape*

Site masterplanning, landscape architecture, and external space design from schematic concept through to construction delivery. Projects include civic facilities, residential estates, and religious/community grounds.

## Rendered Landscape Projects

Civil Defence HQ Akure - Landscape Masterplan & Site Render

Charity Hall Owo - Exterior Landscape Renders, Perspectives 1 & 3

Landscape design services encompassing site masterplanning, hard and soft landscape specification, external lighting, drainage, and rendered visualisation for client approval prior to construction.

PORTFOLIO SECTION

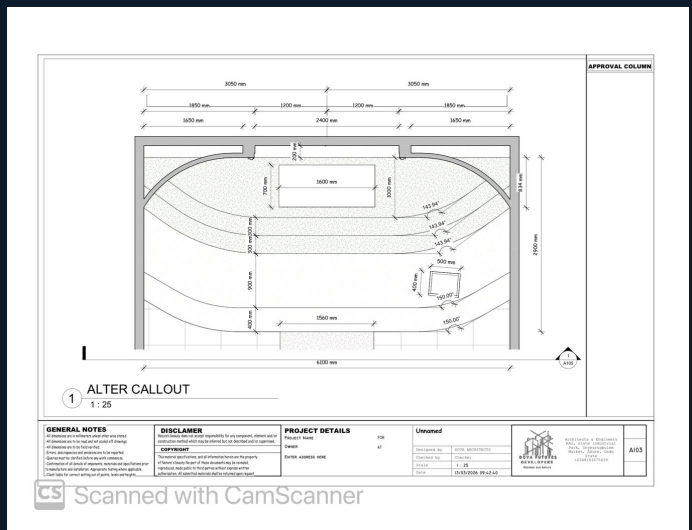

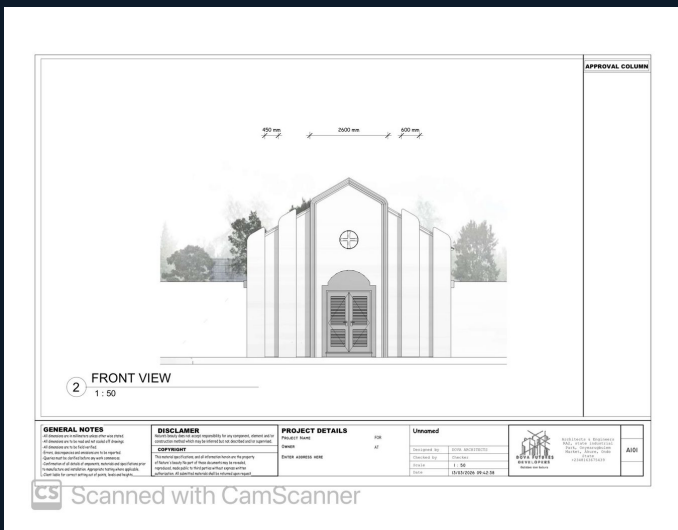

# Technical Drawings

---

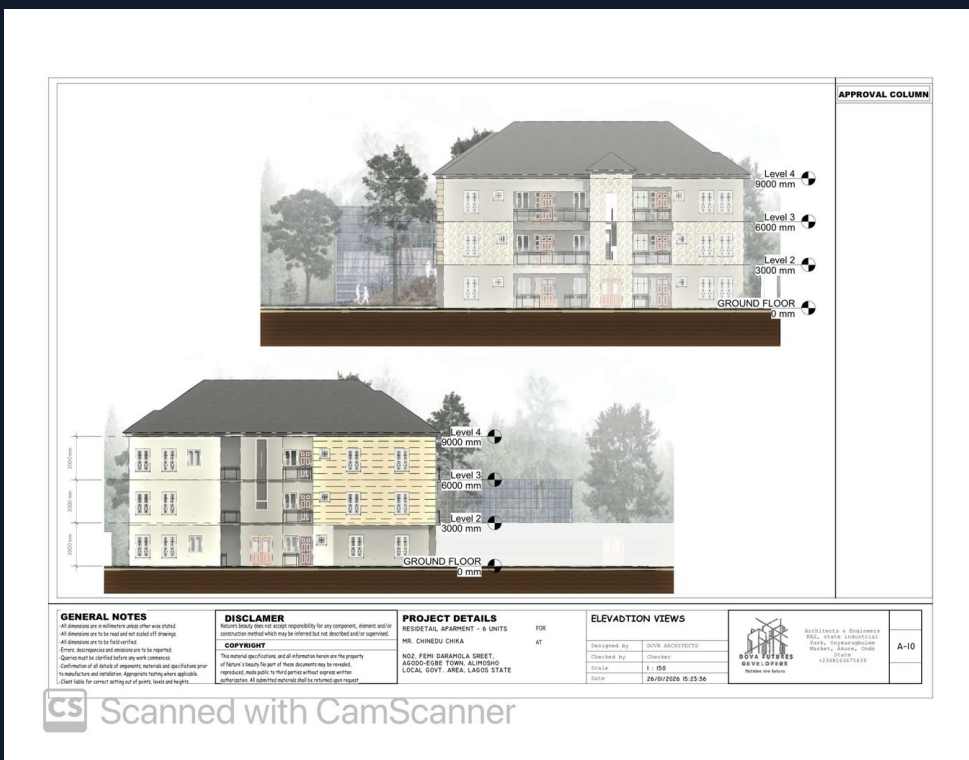

*Working Drawings · Documentation · Approvals*

Production of complete architectural drawing sets for regulatory approval, construction coordination, and client documentation - including floor plans, elevations, sections, and full drawing package management.

# Architectural Drawing Sets

ADO Grail Center - Proposed Drawing Set 2 (Sheets 1 &amp; 2)

Residential Architectural Set - Mr Chinedu (Sheet 10 of 13)

Complete architectural documentation including floor plans, elevations, sections, structural and services coordination, and building approval drawings prepared for regulatory submission.
