

DRAFTSMAN · AUTOCAD & REVIT · LAGOS, NIGERIA

Draw. Detail. Document. Deliver.

Accurate technical drawings, working drawings and construction documentation — from architectural and engineering specifications to buildable sheets on site.

- Full documentation packages — plans, sections, details, schedules
- Expert AutoCAD · advanced Revit, Dynamo and Navisworks
- Detailing packages produced for 10+ residential and commercial buildings
- Site measurements and drawing verification across 20+ project sites

The Draftsman Behind the Drawings

Vollmann Olamide Akarakiri is a detail-oriented draftsman and technical designer with over five years preparing technical drawings, working drawings and construction documentation for residential, commercial and mixed-use projects across Nigeria.

His drawings are grounded in site reality: he conducts measurements, verifies dimensions on site and coordinates with architects, structural engineers and contractors so that every sheet issued is accurate, compliant and buildable.

2014 – 2019

Drafting Software & Skills

Industry-standard tools deployed from survey sketch to issued sheet.

AutoCAD

Expert — 2D Technical Drawing

2D technical drawings, site plans, detailed construction and working drawings, and full detailing packages for 10+ residential and commercial properties.

Autodesk Revit

Advanced — BIM Documentation

Coordinated models and documentation sheets — plans, sections, elevations, schedules — for 30+ office, residential and interior projects.

Dynamo

Advanced — Automation

Parametric scripts that automate repetitive drafting and sheet production, cutting documentation time on large programmes.

Navisworks

Proficient — Coordination

Multi-discipline model coordination and clash detection so drawing sets agree before they reach site.

MS Project

Proficient — Programme Support

Drawing-issue schedules and milestone tracking aligned with construction programmes.

Excel & Office

Advanced — Registers & Take-Offs

Drawing registers, quantity take-offs, and progress reporting across concurrent projects.

Professional Experience

Five-plus years of progressive drafting, documentation and site-verification responsibility.

Aug 2021 – Feb 2026

Project Manager / Engineering Lead

Nu-Avenue Company Resources

- Prepared and reviewed technical drawings and construction documentation for projects exceeding ₦350M in value.
- Produced BIM models and drawing sets in Revit and AutoCAD for 30+ office, 10+ residential and 10+ interior projects.
- Conducted site visits and measurements across 20+ sites to verify dimensions and resolve drawing discrepancies.
- Prevented rework worth over ₦10M by catching drawing errors and specification conflicts before construction.

Jun 2020 – Aug 2021

Site Engineer / Assistant Technical Designer

Nature's Beauty Construction

- Produced full detailing packages for 10+ residential properties — construction details, setting-out drawings and material specifications.
- Supervised works on site, ensuring construction matched the issued drawings and design standards.

Dec 2019 – Apr 2020

Site Supervisor

Lego Construction Company

- Prepared project plans, contract documents, drawings and schedules; coordinated design and site teams.

Aug 2017 – Dec 2017

Architecture & Planning Intern

Danzinger Nigeria Ltd

- Assisted drafting, BIM updates and construction documentation on consulting engagements exceeding ₦10M.
