

PORTFOLIO

VOLLMANN AKARAKIRI

Architect - Interior Design - Landscape

Dova Futures Limited - Lagos

Design is not just what it looks like. Design is how it works.

Vollmann Akarakiri is an architect and project manager with extensive experience delivering residential, commercial, and civic projects across Nigeria. Founder of Dova Futures Limited, Vollmann brings a rigorous design sensibility together with strong site management capability, ensuring projects are delivered on time, on brief and to the highest quality standards.

01

Architectural Design

Residential, commercial and civic architecture across Nigeria.

Hilltop Residence | Exterior, dusk

Hilltop Residence

The Hilltop Residence demonstrates our capacity to design in challenging topographic conditions. Orientation and natural ventilation are primary drivers of the massing strategy.

Local materials and contemporary construction techniques are combined to create a home that is rooted in its environment while meeting the highest modern performance standards.

Residential Architecture

A portfolio of residential projects spanning compact urban houses to large suburban villas. Each design responds specifically to its brief, site, and budget.

02

Interior Design

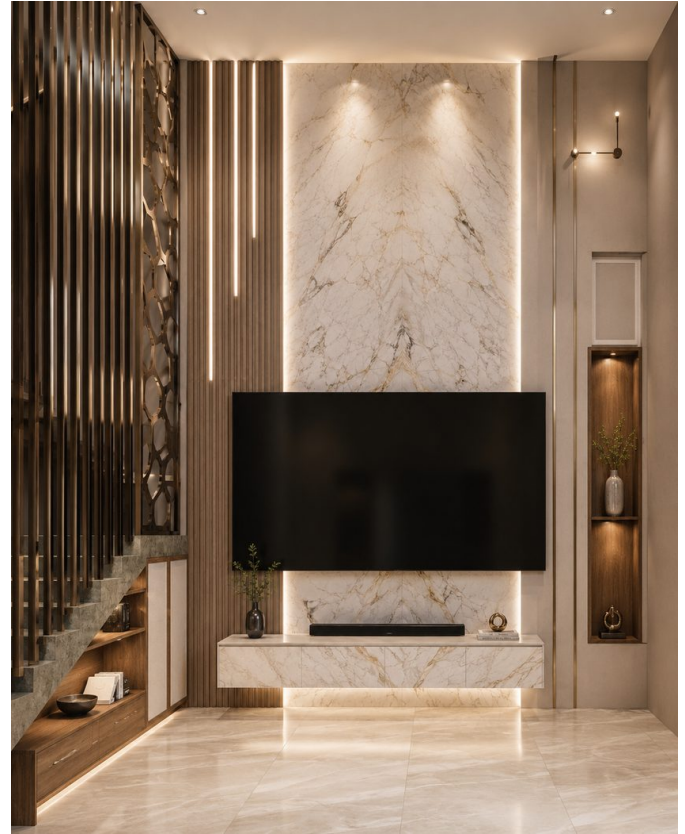

Bespoke interiors crafted for comfort, personality, and purpose.

INTERIOR DESIGN

Mr. Chika Residence | Living area

Interior spaces designed with the occupant at their centre. Natural light, material texture and spatial sequence define the experience of each room.

Mr. Chika Residence | Bedroom

From furniture specification to bespoke joinery design, our interiors service covers every layer of the interior environment.

Kitchen & Living Spaces

Bespoke kitchens and living spaces designed around how families actually use their homes - efficient, beautiful, and built to last.

Material & Finish Specifications

Each project is accompanied by a detailed material and finish schedule, coordinating surfaces, colours, lighting and furniture to achieve a coherent interior vision from floor to ceiling.

03

Landscape Design

Site strategies that connect buildings with their natural context.

Civil Defence Headquarters | Landscape masterplan

Landscape Design

Landscape strategies that extend the logic of the building into the ground plane - creating memorable, usable outdoor environments for public and private clients alike.
