Dova Futures Limited

01

Architectural Design

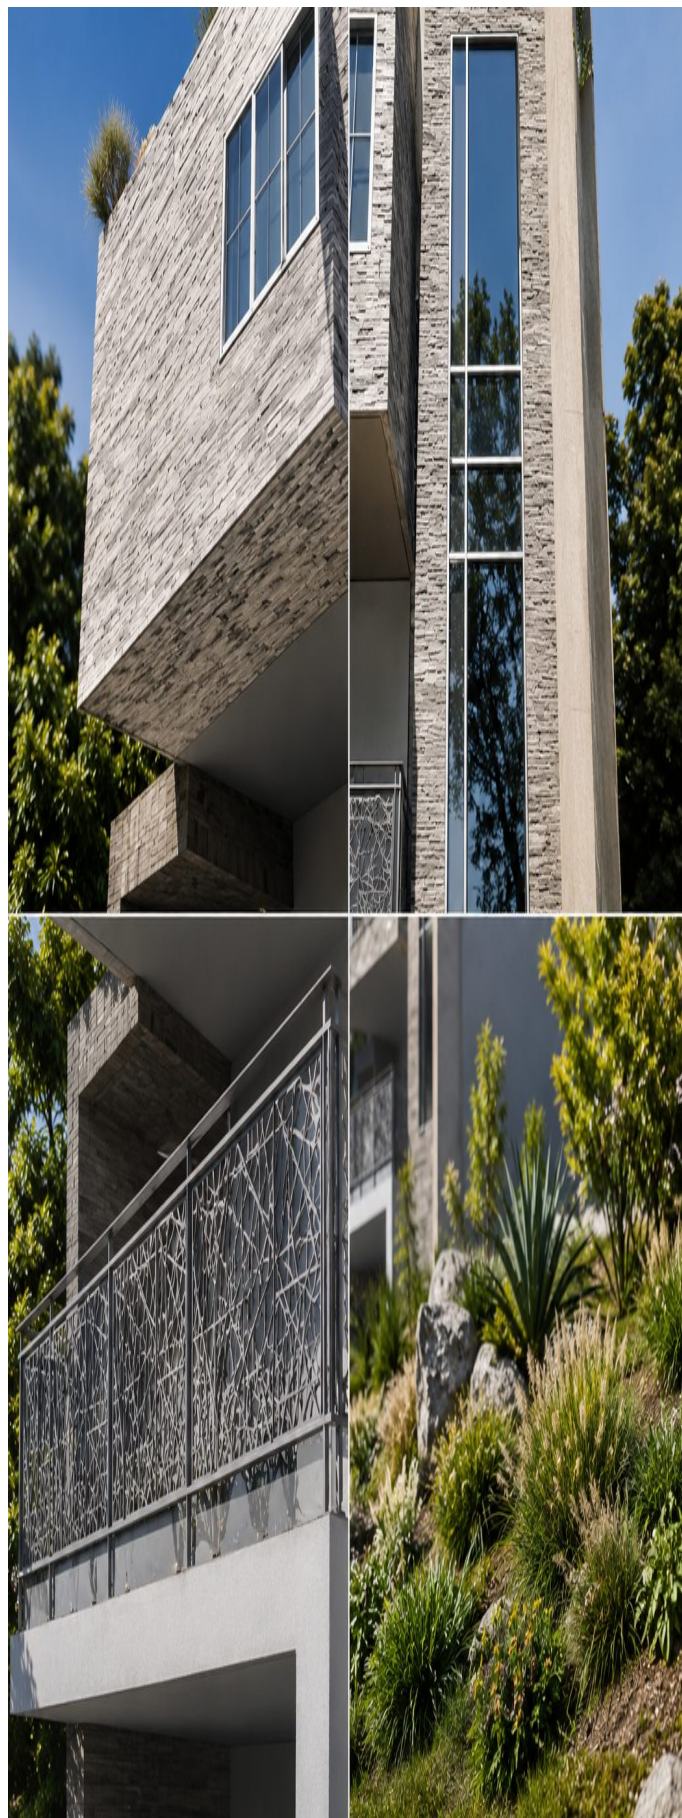

Residential and commercial architecture grounded in site, climate and client aspiration.

Hilltop Residence

The Hilltop Residence responds to a steeply sloping site with a series of cascading terraces, each capturing the prevailing breeze and panoramic views of the surrounding landscape.

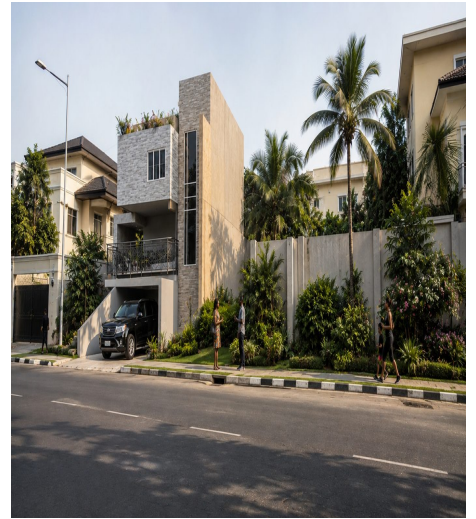

- Site-responsive massing
- Cross-ventilation strategy
- Local material palette
- Terrace landscaping

Site Analysis & Massing

Site analysis and massing studies underpin every project, ensuring each design is rooted in its specific physical and environmental context.

Ado Cultural Centre | Construction, View 4

Ado Cultural Centre

A major civic project for the community of Ado-Ekiti. The cultural centre provides gathering, exhibition and performance space at the heart of the town.

Structural concrete frame with locally sourced finishes creates a building that is both monumental and deeply connected to its place and people.

Kitchen Design | View 1

Kitchen & Living Design

Each kitchen is designed as a functional work of art - combining ergonomic planning with bespoke joinery, curated materials, and carefully considered lighting.

- Bespoke cabinetry design
- Material & finish curation
- Lighting specification
- Furniture coordination

Landscape Architecture

Site strategies that extend the language of the building into the landscape, creating usable, memorable outdoor environments for public and private clients.

Technical Drawings

Precise construction documentation from feasibility to site completion.

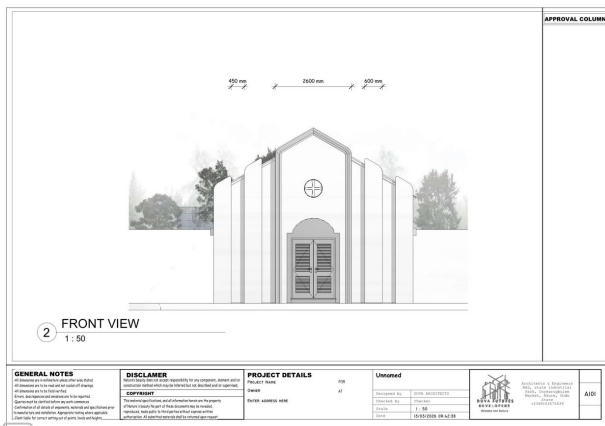

Ado Centre | Drawing Set - Sheet 2

Construction Documentation

Full drawing sets prepared to NIA standards. Plans, sections, elevations and detail drawings coordinated across all engineering disciplines.

Each set is issued at key RIBA stages: concept, scheme, detail design, tender, and construction.
